

protecting academic quality

April 23, 2009

Statement from the Executive Council of United Academics

In response to the student sit-in at the Waterman Building and the subsequent citing of students with trespassing on April 22, 2009:

United Academics thanks the students for their sustained commitment to academic quality and for promoting their concerns in a non-violent way. The university is a better place as a result of their efforts.

We urge the University Administration, as a healing gesture, to drop the charges against those students charged with trespassing.
